

## OUR MISSION, VISION AND VALUES

Dye's Walk Country Club's mission is to create memories and relationships for all of its members, guests and staff by offering the best country club experience possible time after time.

### OUR VISION

As the premier central Indiana Country Club, Dye's Walk is committed to offering a Club experience that is second to none.

What sets Dye's Walk apart is its central location to a large population of wonderful people. The current membership makes up the heart of the club and serves as the foundation for the future. With the support of the strong membership, Dye's Walk is committed to deliver a memorable, unique and enjoyable experience for all.

You will find the golf experience filled with a scenic yet challenging test of the golfer's skills. Understanding this legendary course was the first to be designed by the world famous golf architects Pete and Alice Dye, you realize you are literally walking on history in the world of golf. You will also quickly understand the loyalty and love so many have for this club. Dye's Walk is not just a place to play, but also a place for families to grow together. A place with a level of service, and a standard of hospitality, that is demonstrated by the loyal members and their welcoming attitudes.

Our Vision is brought into focus through the success of our past. The history of the club, the golf course and most importantly a desire to serve our members, is the very foundation Dye's Walk Country Club's future is built.

### OUR CORE VALUES

- Commitment to be the best Indiana Country Club
- Member loyalty
- Financial strength
- Safe and enjoyable play
- Community involvement
